The Bank for International Settlements is an international financial institution which is owned by member central banks. Its primary goal is to foster international monetary and financial cooperation while serving as a bank for central banks. With its establishment in 1929, its initial purpose was to oversee the settlement of World War I war reparations.

Catherine Austin Fitts talks about the BIS in a two part video called: "The Iron Bank: Is BIS Sovereign Immunity the Secret Sauce Behind the Global Coup?"

These videos are available to the public.

—Brilliant and essential.... A masterpiece of rare conceptual daring, beautifully written and deeply urgent.” —Robert B. Reich, author of *The Common Good* and *Saving Capitalism: For the Many, Not the Few*

—An original and often brilliant work.... Like another recent masterpiece of economic analysis, Thomas Piketty’s 2013 *Capital in the Twenty-First Century*, the book challenges assumptions, raises uncomfortable questions about the present and future, and stakes out ground for a necessary and overdue debate.  
—Nicholas Carr, *Los Angeles Review of Books*

—If a book’s importance is gauged by how effectively it describes the world we’re in, and how much potential it has to change said world, then in my view it’s easily the most important book to be published this century.” —Zadie Smith

—Intensively researched, engagingly written.... The rare book that we should trust to lead us down the long hard road of understanding.”  
—*New York Times Book Review*
